“ I will always cherish the times we spent together at family gatherings big or small. She was always there and always had a great time spending with all of us. The smile she had just being with family that loved her the way she loved all of us. I remember one time asking her to take a picture with me because how beautiful she looked that day and I am glad I did. She always asked how I was doing and my daughters. Always told me how beautiful my girls were and to take care of them. I always will remember her telling me how much she loves me and I would tell her the same. We never knew when we all would see each other again but I always took those words to heart. I will miss you very much Tia and will keep you in a very special place in my heart with Tia May forever.

“ I saw you at Trinity farms Rancho Grande Cemetery, and then later the same day when you came to visit us at the Embassy Suites there in Dallas. I was a very nice visit. Reminiscing of our childhood and now children and grandchildren. There was so much laughter that day along with my sister Paula. I talked to you again last year. We love you cousin.

My condolences to your children and grandchildren, and rest of the family.

May the Angels guide you safely into God's embrace.

“ My cousin Olga meant so much to me, and I will miss her dearly. This past year we got even closer. We talked two or three times daily. She was concerned about her granddaughter Angie, and who would care for her if she were to pass on. This was before she became ill. She would cry because she was unable to attend mass or ash Wednesday, Palm Sunday and Easter Sunday. Last I spoke with her she was so concerned about her kids, Rosie and Lewis and cry. She had become very sentimental about family. I feel so sad that she is gone. I will miss her very much all my life.

I want to let her son Lewis, and daughter Rosy know that she loved you very much and especially her grandchildren.

With much love, Paula Montalbo Solis
