“ To the Perri Girls - allow God the opportunity to hold and rock you in his arms while you go through these very trying times. God is always in control and he knew his child had enough of the pain. Adjust your crowns and stand tall in Perri's honor because your relationships with her was non other than God himself. Rest on the memories y'all created and know that she will soon be a guardian angel and she'll be able to protect each of you better from up above. I know it's tough but continue to live right by God so y'all can reunite with her on that gold pavement. Love y'all and I'm here if you need ANYTHING.

“ Meshala,
I never had the chance to meet your mom, but the love you expressed would make anyone feel like they know her. I'm sure she was such an awesome woman, and God has gained another angel. I will be right here for you and I am sending love to you, your girls, and your family...

Rest well Ms. Perri 🙏, my mom is in Heaven too and she's awesome just like you 🙏

“ Aunt P ! I love you so much and I appreciate you for everything you’ve done for me and my girls you genuinely loves us unconditionally. Every time you would call the first thing you say is “where my babies? I miss them” and I’d give the girls the phone and they would light up in excitement oh the love they have for you the anticipation they would always have when it’s time to see their nanna they would ask me 1000 times Can we call nanna can we go over with nanna. You mean so much to them and we are going to miss you dearly I wish I could hook up your lashes one more time or even one of our scooby snacks or the times we would just call each other to talk , your wise words your voice, this is hard and although I feel weak I promise to stay strong for your babies I promise to raise them to be Divas just like you I won’t forget anything you’ve ever told me I will always keep those lessons with me I love you aunt p get your rest beautiful
